PBMs are third-party administrators of prescription drug programs whose primary responsibilities are processing and paying prescription drug claims. They also develop and maintain formularies, which are lists of dispensable drugs covered by a particular drug benefit plan.

By signing below, I give permission for Praxis Medical Group to access my pharmacy benefits data electronically through RxHub. This consent will enable Praxis Medical Group to:

- Determine the pharmacy benefits and drug copays for a patient's health plan.
- Check whether a prescribed medication is covered (in formulary) under a patient's plan.

- Determine if a patient's health plan allows electronic prescribing to Mail Order pharmacies, and if so, e-prescribe to these pharmacies.
- Download a histories list of all medications prescribed for a patient by any provider.

In summary, we ask your permission to obtain formulary information and information about other prescriptions by other providers using RxHub. This consent will be in place until revoked in writing.
